### **If local police won't do their job where do you go for ...**

Contact your local police and ask them. They will be glad to answer you. Police do like it when people ask. It makes their job easier by limiting the dumb things people do.

### **Law enforcement in the United States**

Metropolitan departments have usually been formed by a merger between local agencies, typically several local police departments and often the local sheriff's department or office, in efforts to provide greater efficiency by centralizing command and resources and to resolve jurisdictional problems, often in communities experiencing rapid population growth and urban sprawl, or in neighboring communities too small to afford individual police departments.
